

CUSTOMER SALVAGING/REUSE POLICY

All Solid Waste Sites 07/09/2015

1. The Department allows salvaging for reuse of scrap metal, wood, and other re-useable items.
2. Customer must sign a salvaging “Waiver of Liability” before salvaging any material. A new waiver is required for each item.
3. Only one party may salvage at a time.
4. Salvaging is limited to fifteen (15) minutes per day.
5. Salvaging must take place in designated areas. Salvaging is prohibited in the landfill or from waste containers.
6. Salvaging is only allowed during normal business hours. If attendant does not have the time to monitor the activity, salvaging will not be permitted at that time.
7. No climbing on the scrap pile. Salvaging is allowed only if items are within easy reach.
8. No dismantling of items on site. If a part of an item is desired, the whole item must be removed from the solid waste site for dismantling. Remaining parts must be properly disposed of after dismantling.
9. Any mess created during salvaging must be remedied by the customer.
10. Bulk salvaging of items for scrap value is prohibited.
11. Salvaging is conducted at customers’ own risk. County assumes no responsibility for injuries occurring during salvaging or through use of salvaged item.
12. Salvaging must be conducted in a courteous and environmentally protective manner.
13. Any violation of this policy may result in salvaging rights being revoked.
